

GwG and FINMA-compliant customer onboarding in Switzerland

PXL GwG Ident is a fully Swiss law-compliant onboarding solution that can be integrated into your financial services processes and even your brand.

- ✔ Developed for banks, fintechs & financial service providers and insurances.
- ✔ Swiss data management and hosting.
- ✔ Compliance aligned with (FINMA/AML) and expandable to EU contexts (e.g., MiCAR).
- ✔ Audit-ready data and logs that enable real-time decision-making and long-term evidence.
- ✔ A modular setup ready to match your process requirements (including NFC/QES).
- ✔ Easy REST API integration and state-of-the-art return codes.
- ✔ Elevated UX for highest conversion rates.

Customise your KYC/AML process.
