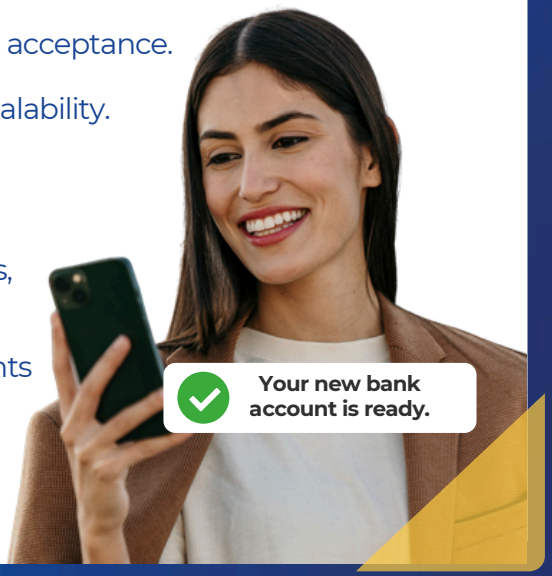
PXL GWG Ident

Compliant AML and FINMA customer onboarding, eliminating video calls and waiting times

PXL GwG Ident is a fully Swiss law-compliant onboarding solution that can be integrated into your service processes and adapted to your corporate identity.

- Developed for all companies subject to the Anti-Money Laundering Act.
- Tailored to your specific case and security level for full SRO acceptance.
- REST API integration for rapid deployment & long-term scalability.
- Compliance aligned with FINMA/AML and expandable to EU contexts (e.g., MiCAR).
- Premium audit-ready evidence data package (visuals, logs, timestamps) to support audits and real-time decisions.
- A modular setup ready to match your process requirements (including NFC/QES).
- Swiss data management and hosting.
- Elevated UX for highest conversion rates.



Customise your KYC/AML process.
